Strength with Attitude

Unleashed: Greater Performance with Mercedes-Benz GLC 300 Coupé AMG Line

- **Strength with attitude:** The Mercedes-Benz GLC 300 Coupé AMG Line reflects an extravagant combination of more aesthetic appeal, adrenaline and athleticism that enhances the premium SUV range with next level performance.
- **Indicatively priced at RM399,888, this progressive crossover will be the latest addition to the ever-growing locally-assembled portfolio for Mercedes-Benz Malaysia.**
- **Equipped with the intelligent drive features such as the Lane Tracking Package and Blind Spot Assist, this progressive crossover embodies the perfect balance of muscle and aesthetics, dynamic and functionality, added with strength and attitude.**

With an ever-growing number of production portfolio, Mercedes-Benz Malaysia is introducing the latest addition of its locally-assembled progressive crossover, the Mercedes-Benz GLC 300 Coupé AMG Line, to strengthen its position as the leader in the premium SUV segment in Malaysia.

It is now powered with 2.0 litre engine, generating a greater performance of 245 hp and 370Nm, setting it apart from its predecessor - the locally-assembled GLC 250 Coupé. The latest GLC 300 Coupé AMG LINE is also equipped with latest technologies such as the Lane Tracking Package, Blind Spot Assist and MBA rear spoiler.

Dr Claus Weidner, Chief Executive Officer and President, Mercedes-Benz Malaysia said: “We are delighted to now bring the production of the GLC 300 Coupé, locally-assembled in our plant in Pekan. The GLC 300 Coupé reflects our iconic Mercedes-Benz coupé design while symbolising the contrasts that become one.

“With its design idiom of sensual purity, it perfectly embodies the perfect balance of muscle and aesthetics, dynamics and functionality. It is an SUV and a coupé, two outstanding traits of two automotive worlds.”

On introducing the GLC 300 Coupé AMG Line, Mark Raine, Vice President, Sales and Marketing of MBM said, “The all-new locally-assembled Mercedes-Benz GLC 300 Coupé AMG Line comes with a greater performance with its four-cylinder 2.0 engine, making it 245 hp and 370 Nm on the road. Coupled with AMG Line fittings, both interior and exterior, it is truly a product of strength with attitude.”

On its look and feel

The latest GLC 300 Coupé AMG Line takes its sportiness to the next level with the AMG Line exterior, with the dynamic AMG bodystyling, adaptive Highbeam Assists Plus, Aluminium-look running boards, and the 20-inch multi-spoke light-alloy wheels.

It is also equipped with the innovative headlamp concept – the LED Intelligent Light System headlamps – an attractive and standout feature for the new generation of sport coupé.

Its interior, on the other hand, comes with the ARTICO leather seat, illuminated door sills, AMG sports pedals and black piano-lacquer look or light longitudinal-grain aluminium trim.

The AMG sports steering wheel with its flattened bottom section will give a firm grip and allows for sporty handling.

Delivering a full 9-speed transmission, the 9G-TRONIC PLUS is both efficient and comfortable. What is more, Mercedes-Benz DYNAMIC SELECT puts the driver in control by giving the option to set the driving mode.

Clever interior lighting and high-quality upholstery both add to a sense of luxury, whilst intelligent features such as the latest HANDS FREE ACCESS and Active Parking Assist with PARKTRONIC provide all the support you need during your journey.
